Career Objective

Computer Science Engineering graduate with strong programming fundamentals and hands-on experience in backend development, REST APIs, and database-driven applications. Passionate about building scalable software products and learning modern web technologies. Seeking a Software Developer Internship where I can contribute to real-world applications while expanding my skills in full-stack development.

Technical Skills

- **Languages:** Python, SQL
- **Languages:** Python, JavaScript, SQL, HTML, CSS
- **Backend:** FastAPI, Flask, REST APIs
- **Frontend:** HTML, CSS, JavaScript
- **Databases:** MySQL, SQLite
- **Libraries:** Pandas, NumPy
- **Developer Tools:** Git, GitHub, VS Code, Postman
- **Core Concepts:** Object-Oriented Programming, DBMS, JSON, API Integration, CRUD Operations

Projects

Headphone Analytics Dashboard *FastAPI, SQLite, Python, BeautifulSoup*

- Designed and developed RESTful APIs using FastAPI for efficient backend communication.
- Developed backend services for managing and processing over 5,000 product records.
- Designed relational database schemas and implemented CRUD operations using SQLite.
- Built automated data processing pipelines for structured product information.
- Implemented error handling, logging, and modular backend architecture to improve maintainability.

Customer Segmentation & Retention System *Flask, MySQL, Python, Scikit-learn*

- Developed a backend application using Flask and MySQL for customer data management.
- Designed REST APIs for seamless data exchange using JSON.
- Implemented CRUD operations and optimized SQL queries for efficient database performance.
- Built modular backend components following clean code practices.
- Processed and validated customer datasets for reliable application functionality.

Internship Experience

QSpiders, Ahmedabad *Jan 2026 - Apr 2026*
Data Science Intern

- Worked on Python-based data processing and SQL querying for structured datasets.
- Performed data cleaning, preprocessing, and analysis for real-world datasets.
- Debugged scripts and improved data handling workflows.

Education

Government Engineering College, Patan Aug 2022 – Apr 2026
B.E. in Computer Science & Engineering CGPA: 7.59

Certifications & Activities

- **FinTech Program** — BSE Institute (2024)
- NSS Volunteer — Community Service (2023–2025)
